Product Information Tab:

- Find and click the "Product Information" tab in the app.

Adding Products:

- Manufacturers can input their products by either scanning the barcode or manually entering the barcode numbers.
- Product Details:
- Enter product name, ingredients, and allergens (if applicable).

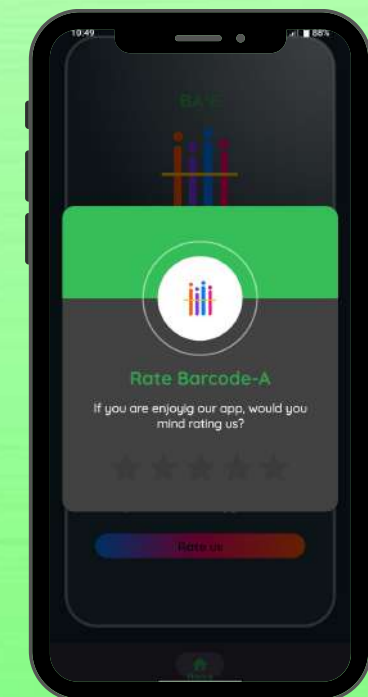

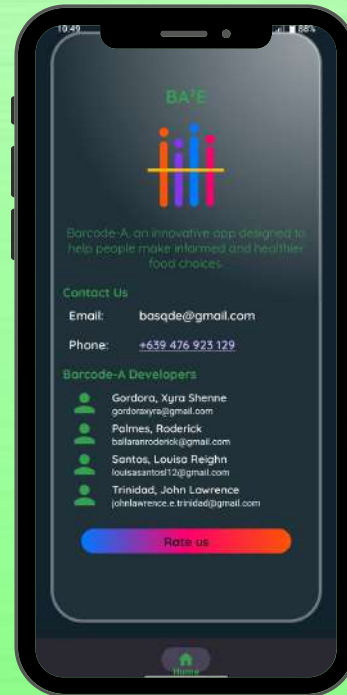

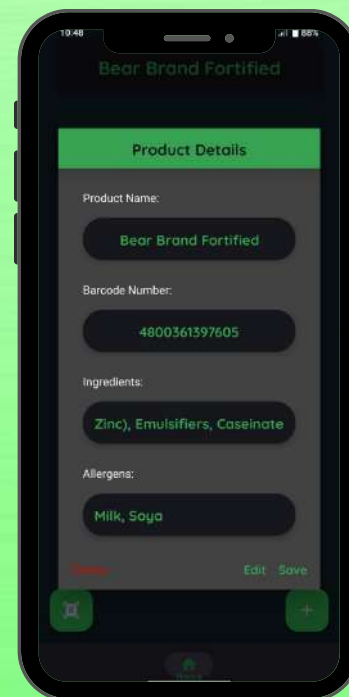

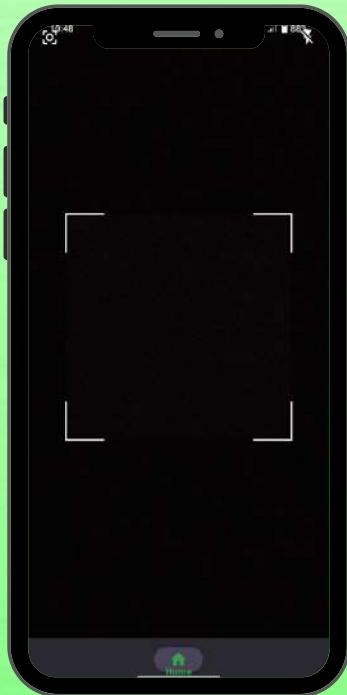

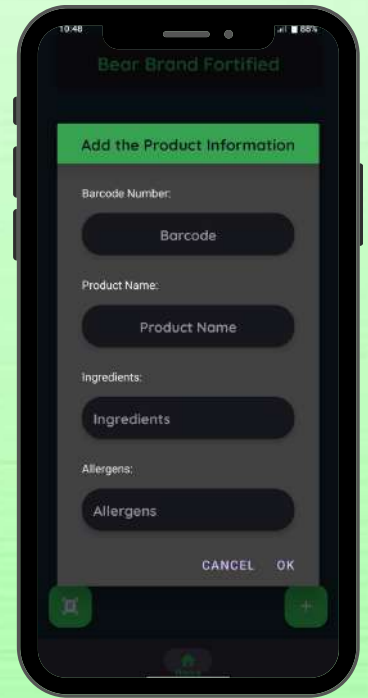

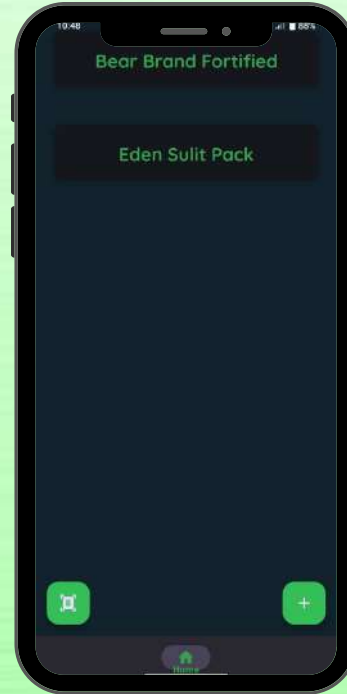

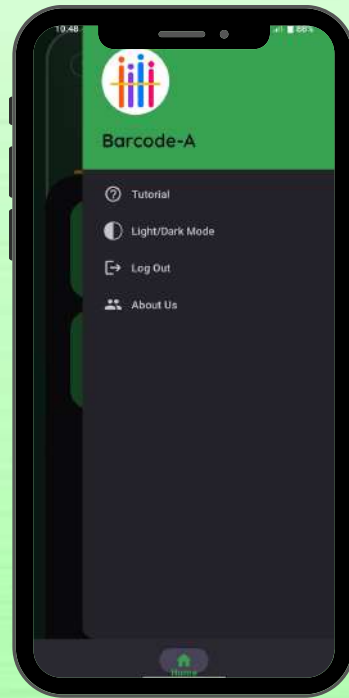

- Registered product will then be displayed in the same tab.
- Registered products can be edited and deleted by the manufacturers.

The image shows a smartphone screen with a product registration form. The status bar at the top shows the time 10:50 and battery level 88%. The app header is 'Bear Brand Fortified'. The form is titled 'Product Details' and contains the following fields:

- Product Name:** Bear Brand Fortified
- Barcode Number:** 4800361397605
- Ingredients:** Zinc, Emulsifiers, Caseinate
- Allergens:** Milk, Soya

At the bottom of the form are three buttons: 'Delete' (in red), 'Edit', and 'Save' (in green). The background of the entire image features a repeating pattern of colorful, stylized human figures.

Comes in Night Mode too!
